Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 04/09/2010 has been entered.

Examiner acknowledges the receipt of the arguments 04/09/2010. Claims 27-29, 31-33, 35-42, 44-46 and 48-52 pending.

Rejections and objections made in previous office action that do not appear below have been overcome by applicant's amendments and therefore the arguments pertaining to these rejections/objections will not be addressed.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 27-29, 31-33, 35-42, 44-46 and 48-52 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 27 is directed to a plate material that is coated with a hydrophilic coating, a corrosion resistant hydrophobic paint material containing an alcohol based solvent at 1-10%.

The examiner is not able to determine if applicant is claiming a wet paint or a dry paint. Applicant mentions in the specification that epoxy based resins can be used for the hydrophobic coating. It is not clear to the examiner if the alcohol based solvent is reacting with the epoxy resins to ultimately become a part of the final article. Since the claim is drawn to a plate material, it is not clear as to whether the alcohol based material is a part of the final product even though the term solvent is used. These factors render the claims indefinite.

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Uchiyama (US 4,465,710) discloses a coating for a metal substrate that includes an oil, a hydrophilic lubricant and a polyurethane (hydrophobic coating). The oil is not removed from the final product.

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1786

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
